

Details of qualifications and experience: Dr Elizabeth Soilleux

Personal Statement

I am an academic clinical pathologist, regional expert in haematopathology and autopsy pathology, with an exceptionally strong background in research, management and teaching at local, regional and national level.

Education & Professional Qualifications

2018	<i>Cambridge University</i>	Postgraduate Certificate in Medical Education
2011	<i>Cardiff University Bond Solon</i>	Expert Witness Certificate (Civil Law)
2005	<i>Royal College of Pathologists</i>	FRCPath; CCT 12th May 2006
2005	<i>European Society of Pathology</i>	Board Examination
2002	<i>Jesus College, Cambridge University</i>	PhD in molecular & cellular immunology
1996	<i>Jesus College, Cambridge University</i>	MB, BChir. Distinctions Pathology & Medicine
1994	<i>Jesus College, Cambridge University</i>	BA (Hons) Pathology (MA 1998) (Triple 1st)

Current Employment

May 2017-present **University Lecturer/ Consultant Histopathologist with a special interest in Haematopathology, Molecular Pathology and Postmortem Pathology,**
Department of Pathology, University of Cambridge

Previous Employment

Mar 2008-Apr 2017 **Consultant Histopathologist/ Associate Professor with a special interest in Haematopathology and Postmortem Pathology**
Department of Histopathology, John Radcliffe Hospital, Oxford/ Radcliffe Department of Medicine, Oxford University

Feb 2004-June 2017 **Fellow and Lecturer in Pathology**
St Hugh's College, Oxford University

June 2005-Feb 2008 **Consultant Histo/cytopathologist (head & neck/ skin pathology),**
Department of Histopathology, John Radcliffe Hospital, Oxford

Feb 2004-June 2006 **Clinical Lecturer in Histopathology,**
Nuffield Department of Clinical Laboratory Sciences, Oxford University

Feb 2002-Jan 2004 **Specialist Registrar in Histopathology,**
Eastern Deanery (Addenbrooke's and Papworth Hospitals, Cambridge and Norwich)

Feb 1999-Jan 2002 **MRC Clinical Training Fellow/ Honorary Specialist Registrar in Histopathology**
Department of Pathology, Cambridge University

Feb 1998-Jan 1999 **Senior House Officer in Histopathology**
Addenbrooke's Hospital, Cambridge

Feb 1997-Jan 1998 **Pre-registration House Officer posts in Medicine and Surgery**
Addenbrooke's Hospital, Cambridge and Milton Keynes General Hospital

Relevant Research Activities

Areas of Interest

1. Novel molecules in translational haematopathology and immunology with potential diagnostic and therapeutic relevance.
2. Histiocyte (macrophage and dendritic cell) and T-cell biology.
3. Use of molecular diagnostics in clinical haematopathology, including novel techniques.

Reviewing

Grants I have reviewed a number of grants for the Medical Research Council.

Journals I review articles for a range of journals, including the Journal of Immunology and the Journal of Leucocyte Biology.

Editing I was on the editorial board of Diagnostic Histopathology between 2008 and 2012.

Conference Organisation

2009 Organiser British Lymphoma Pathology Group Autumn Meeting, St Hugh's College, Oxford

2008-2010 Co-organiser and chair, UK Cardiac Pathology Network Annual Training Day, Birmingham, UK.

2008 Organising Committee Member and Chairperson (Plenary and Proteomics Sessions), Pathological Society of Great Britain and Ireland Conference, Oxford, U.K.

Publications and Grants

Total publications: Journal articles: 90, National Guidelines in Haematology: 2; Book chapters: 4, Abstracts: 40.

Total research grants: 28

Medicolegal Experience

Coronial autopsies >2000

Appearances in Coroner's Court > 100

Medicolegal cases –5-10 cases per annum since 2010, >90% for claimant

Cases with joint instruction – 2 High Court cases
